**DESCRIPTION**

MasonryDefender® All Purpose Masonry & Concrete Cleaner is a powdered concentrate that safely cleans and restores concrete and masonry surfaces. It removes dirt, grime, and stains caused by mold and mildew. This product is recommended for surface preparation prior to application of all MasonryDefender sealers.

**WHERE TO USE**

MasonryDefender® All Purpose Masonry & Concrete Cleaner cleans most exterior, above-grade concrete surfaces including residential driveways, sidewalks, patios, garage floors and pavers.

**ADVANTAGES**

- Safe, Oxygenated Bleach Cleaner
- Cleans Dirt, Grime, Stains Caused by Mildew
- Non-Toxic, Safe for Vegetation
- For Use on All Masonry & Concrete Surfaces

**DIRECTIONS FOR USE**

Before use, read all directions for preparation, application, and safety information. Always test each type of surface before application for suitability and desired results before proceeding with general application.

**Limitations:** Not designed to remove oil or grease stains. If these stains are present, use a quality degreaser before proceeding.

**APPLICATION**

**STEP 1: MIX**

Mix 1 cup (8 oz.) MasonryDefender All Purpose Masonry & Concrete Cleaner powdered concentrate

with each gallon of water. Mix with water and stir thoroughly until powder is mostly dissolved. Powder dissolves faster in warm water. Solution should be used within 3 hours of mixing.

**STEP 2: APPLY**

Dampen surface with water before application. Apply MasonryDefender All Purpose Masonry & Concrete Cleaner solution with a pump-up garden sprayer. To prevent undissolved granules from clogging the sprayer nozzle, use a paint strainer sock when pouring cleaning solution into sprayer. Let solution stand approximately 20-30 minutes, keeping area wet with additional cleaning solution.

**STEP 3: RINSE**

Rinse thoroughly with a pressure washer. If a pressure washer is not available, surface can be scrubbed with a stiff, short bristle broom or brush and then rinsed with a garden hose. Note: For best results, a pressure washer is highly recommended. This product is designed to loosen dirt and grime to make removal with a pressure washer easier. Using a garden hose will not clean the surface as thoroughly as a pressure washer. Heavily soiled surfaces may require a second application. Allow surface to dry before applying MasonryDefender sealers.

**Coverage Rate:** Each gallon of diluted cleaner will clean approximately 150 sq. ft. per gallon depending on surface porosity. One 3 LB container makes 6 gallons of cleaning solution and cleans up to 900 sq. ft.

**Storage and Disposal:** Dispose of this container and any unused product in accordance with all federal, state, and local regulations.

**Cleanup:** Clean tools immediately after each use with soap and water.

**CAUTIONS**

**Keep out of reach of children.** Do not take internally. Avoid contact with eyes and mucous membranes and prolonged contact with skin. Avoid breathing mist. Close container tightly after each use. Do not re-use containers. Contains sodium carbonate peroxyhydrate. Do not mix with chlorine bleach or other chemicals. Store in original container only. Sweep up spills and flush down drain. Solution will not harm grass and most plants. Rinse grass and plants thoroughly with water after exposure. Contact with combustible organic materials may cause fire. Accumulation of product on ladders or scaffolding may result in slippery surface.

**FIRST AID**

**If inhaled:** Move to fresh air. **If swallowed:** Rinse mouth. Do NOT induce vomiting. Never give an unconscious person anything to drink. Immediately call a POISON CENTER or doctor/physician. Oxygen and/or artificial respiration may be necessary. **For skin contact:** Remove/Take off immediately all contaminated clothing. Wash off immediately with soap and plenty of water. Get medical attention if irritation persists. **For eye contact:** Immediately flush eyes thoroughly with water for at least 15 minutes, including under the eyelids. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention immediately. In case of difficulty in opening lids, administer an analgesic eye wash (oxybuprocaine). For additional information for this product, consult the Safety Data Sheet available at [www.masonrydefender.com](http://www.masonrydefender.com).

**LIMITED WARRANTY**

Our recommendations for use of this product are based upon tests believed to be reliable. Since field conditions vary widely, the user must determine the suitability of the product for the particular use and specific method(s) of application. Due to the fact that SaverSystems has no control over surface preparation and application methods, no guarantee as to results is offered, expressed or implied. SaverSystems warrants this product to be free from manufacturing defects. SaverSystems' liability shall be limited in all events to supplying enough product to re-treat the specific areas to which defective product was applied. This warranty does not include the cost of labor application. SaverSystems shall not have any other liability including direct, incidental, or consequential damages. Some states do not allow the exclusion of incidental or consequential damages, so this limitation may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state to state.

**Shelf Life:** 24 months

**PACKAGING**

Available in half-gallon, 3 LB. recyclable plastic containers.

**TRANSPORT AND HANDLING**

MasonryDefender All Purpose Masonry & Concrete Cleaner is not considered hazardous under Department of Transportation (DOT) regulations. Do not stack pallets.
